Remember this—Kidney-Wort Tablets CANNOT contain alcohol.

### MRS. JAMES OGDEN couldn't sit or stand without Intense Pains across her Back.

Sept. 26, 1903, Mrs. Jas. Ogden, 1104 S. Bodine St., Philadelphia, Pa., wrote: "I suffered from kidney trouble that threatened to carry me to my grave. I had sharp pains in the side and was told by doctors that my ailment was inflammation of the kidneys and bladder. I had no appetite, and was in a weak and exhausted condition. I tried several so-called kidney preparations, but they proved of no use. I was advised to try Dr. Pettigill's Kidney-Wort Tablets. Three bottles of the tablets relieved me, and five cured me permanently."

With men and women who live well, but take little exercise, a slight drop of the legs is often noticeable. This is invariably points to weakened action of the kidneys. Let your morning urine stand 24 hours. High color, cloudy or reddish sediment means kidney trouble. Find out what your symptoms mean. Write to Consultation Department, 133 College St., Burlington, Vt., for free, candid advice. If you have backache, itching or burning pains, or bad urine, it is dangerous to remain in doubt.

Some Sensational Official Correspondence Made Public.

### KNOX REPROVES SUMMERS.

United States Attorney Had Induced Grand Jury to Suspend Investigation Because a United States Senator Was Involved.

Washington, Nov. 19.—Correspondence that passed between United States Attorney Summers at Omaha and Attorney General Knox in June last in the matter of the charges against Postmaster Fisher of Hastings and United States Senator Dietrich of Nebraska and the investigation of the same by the grand jury was made public. The letter of Mr. Summers to the attorney general is dated June 23 and is as follows:

"I have the honor to transmit to you herewith the testimony before the United States grand jury on June 6, 1903, by Leopold Hahn. Mr. Hahn is a citizen of Hastings, Adams county, Neb. He was called before the grand jury at the request of members on account of well defined rumors in circulation and charges based thereon as to the violation of section 1781, Revised Statutes of the United States, by Jacob Fisher, who is now postmaster in the city of Hastings.

"The testimony, you will see, reflects not only upon Jacob Fisher, the postmaster, but as well upon United States Senator Charles H. Dietrich of Nebraska.

"The grand jury insisted upon making a thorough and searching investigation. This investigation was discontinued at my request because of the fact that the conduct of a United States senator was involved in the question they desired to investigate. At the same time I stated to the grand jury that the investigation will be made by another grand jury if it be disclosed subsequently that the ends of justice demand it. For the purpose of prevailing upon the grand jurors to discontinue the investigation I stated to them I would submit the information to the department of justice and ask for direction in the premises. With the assistance of the foreman of the grand jury, one of the prominent and influential citizens of the state, I was able to prevail upon the grand jury to comply with my request.

"In this connection permit me to say there are appointments in this state other than the one at Hastings named in the testimony submitted herewith about which the grand jury manifested a disposition to inquire. No witnesses were examined as to them, however, for the same reason given above. I hold myself in readiness to follow any direction you may give me."

#### Attorney General's Letter.

The reply of the attorney general is dated June 26 and is as follows:

"I have your letter of the 23d inst. transmitting a copy of testimony given before the United States grand jury in Omaha on June 6, 1903, by Leopold Hahn, called before the grand jury at his request and on account of alleged violations of section 1781 of the Revised Statutes of the United States by Jacob Fisher, now postmaster in the city of Hastings, Neb. In your letter you correctly state that this testimony reflects not only upon Jacob Fisher the postmaster, but as well upon United States Senator Charles H. Dietrich of Nebraska. You likewise in your letter state that the investigation by the grand jury was discontinued at your request, the reasons which prompted you to make such request and the means employed in securing that end.

"In reply I state you should not have

ALL RUN DOWN.

This Man Gained Health and Strength From Father John's Medicine.

Mr. Daniel Hurley of Oswego, N. Y., writes: Being all run down after the grip, I tried Father John's Medicine and after taking three bottles felt greatly improved. I intend taking more of it this fall. You may use my name if you wish as I think it a fine medicine. (Signed) Daniel Hurley, R. F. D. No. 1, Oswego, N. Y. Cures colds or money back.

requested a discontinuance of the investigation against the grand jury's insistence because of the fact that the conduct of a United States senator was involved in the question the grand jury desired to investigate. From the copy of the proceedings before the grand jury it appears that the time the testimony closed a most extraordinary and incriminating story had been told by the witness Hahn, in which Senator Dietrich was criminally involved, but the facts which formed the basis of this tale were not of the witness' own knowledge. Fairness to the person thus incriminated as well as other considerations of duty should have caused you to refrain from interfering with the desire of the jury to probe the matter to the bottom. I especially disapprove of your carrying your interference with the proper functions of the jury to the extent of using your promise to submit the matter to this department for direction in the premises as an argument in your effort to persuade the jury to discontinue their investigation.

"Upon the whole, your action in the matter, the end accomplished and the means employed were astonishing, unwarranted and highly improper."

Senator Dietrich called at the White House and had a long interview with the president. He declined to discuss his interview as he left the executive offices, but said that in a few days he would go to Nebraska formally to meet the charges brought against him.

#### NO CAPIAS FOR DIETRICH.

Bill of Indictment Against Postmaster Fisher Made Public.

Omaha, Neb., Nov. 19.—No capias has yet been issued for United States Senator Dietrich, who, together with Postmaster Jacob Fisher of Hastings, Neb., was indicted Monday by the federal grand jury for alleged bribery and conspiracy. The bill of indictment against Senator Dietrich has not been permitted by Judge Munger to be made public and will not be given out, it is stated, until the senator has appeared to give bond. The bill against Fisher, however, has been made public. It is as follows:

First.—Violation of section 1781, Revised Statutes of the United States; that Jacob Fisher on July 8, 1901, fraudulently paid to Charles H. Dietrich, a member of the United States congress, \$500 for aiding to procure and procuring for said Fisher the office of postmaster of Hastings, Neb.

Second.—Giving property to the value of \$500 July 8, 1901, to said Dietrich for aiding to procure and procuring him the office of postmaster.

Third.—On July 8, 1901, giving a certain valuable consideration to Dietrich, that said Dietrich being obligated by a certain contract in writing dated April 9, 1901, to purchase from Silas A. Strickland post, No. 13, Grand Army of the Republic, certain goods and chattels, the property of said post, and to pay therefor the sum of \$500, said Fisher did unlawfully satisfy and discharge said claim to said post by the payment of said sum of \$500.

Fourth.—April 20, 1901, said Fisher agreed to pay to said Dietrich \$1,200 for aiding to procure and procuring the office of postmaster at Hastings.

Fifth.—On April 20, 1901, said Fisher did agree to give property to the value of \$500 to said Dietrich.

Sixth.—April 20, 1901, said Fisher agreed to give to said Dietrich certain valuable consideration, \$500, for aiding to secure and securing him the said office of postmaster. Dietrich then being obligated to said Grand Army of the Republic post by a contract in writing dated April 9, 1901, to purchase such property, and that Fisher agreed to and did satisfy said claim of \$500 by paying said sum of money to said post.

The notices posted to that effect read as follows: "Beginning with Dec. 1 all wages and salaries of the employees of the Dominion Iron and Steel company will be reduced from 10 to 33 1-3 per cent. Common laborers will be paid \$1.25 per diem."

## BEAUPRE FEARS CRISIS

Minister Reports Critical Situation In Colombian Capital.

### CANAL TREATY PROGRESSES.

Hay-Bunau-Varilla Measure Nearly Ready For Signature—New Commissioners From Panama Have No Hand In It.

Washington, Nov. 19.—It is learned here that the situation at Bogota has assumed a critical phase as far as relations between the United States and Colombia are concerned. Minister Beaupre on the 16th inst. was pressed very strongly by the Colombian government to know whether the United States intended to recognize the new republic of Panama. It is understood that the request was in such shape as to constitute a menace in the event that the recognition had been extended.

Mr. Beaupre was instructed by this government to again inform the Colombian government that such recognition had been extended to the new republic of Panama by the United States, but simply in the interest of humanity and civilization and in execution of solemn treaty obligations binding upon the United States. He also was instructed to tender to the Colombian government the good offices of the United States to effect a settlement of the difficulties between Colombia and Panama. The issue is awaited with some anxiety here.

The main features of the Hay-Bunau-Varilla treaty providing for the construction of an isthmian canal by the Panama route have been agreed upon, and the rough draft of the convention is in preparation. No date for the signing of the treaty has yet been fixed.

It is thought that the members of the Panama commission, who have arrived in New York, will remain there for the present, as it is said their presence is not needed here in connection with the negotiations for the treaty. It is possible that when the treaty is signed the commission may receive cable instructions to ratify the convention and thus avoid the necessity of sending it to Panama.

#### Herran Likely to Leave.

Unless Dr. Herran, the Colombian charge, receives word from his government within a reasonable time he will close the Colombian legation here.

Mr. Beaupre, as has been stated, has been granted leave of absence by the state department, and it remains for him to determine when he shall avail of the leave. As an earnest of the desire of the state department to continue on friendly terms with the Colombian government it is pointed out that without bringing direct pressure to bear the department is disposed to do everything in its power to save any equities Colombia may have in the isthmus. Thus it is recognized as entirely proper that some part of the \$10,000,000 which the United States government is to pay over to Panama upon the ratification of the treaty should be allotted in payment of Panama's share of the Colombian debt.

It is stated, however, that the United States government would not offer an affront to Colombian dignity and honor by fendering directly a sum of money in the nature of a bribe as a salve for the separation of Panama, and while it could not specify in its agreement with Panama that any part of the \$10,000,000 was to be diverted to Colombia there would be no concealment of the hopes of the United States in that manner. The present intention of the United States government is to include in the new treaty provision for the payment of \$10,000,000 to the republic of Panama and to no other government.

M. Jusserand, the French ambassador here, called at the state department and notified Secretary Ha; that the French government had fully and formally recognized the new republic of Panama. Other nations are expected to follow the same course, and in fact, several of them already have opened business relations with the government of Panama.

#### Chicago Health Officer Removed.

Chicago, Nov. 19.—Andrew Young, for eleven years head of the sanitary bureau of the Chicago health department, has been removed from office by order of Commissioner of Health Reynolds. The reason given is the lax system prevailing in the bureau and the evidence of corruption among inspectors, though Young has not himself been involved.

#### Trolley Strike In Pittsburgh Likely.

Pittsburgh, Nov. 19.—The meeting of street car employees voted to give the executive committee full power to act in dealing with the company in the matter of demands that have been made. If the company refuses to recognize the union, another meeting will be held, at which a vote on the question whether or not to strike will be taken.

## THE CHICAGO STRIKE

Mayor Harrison Again Attempts to Settle the Problem.

Chicago, Nov. 19.—Mayor Harrison and his mediation committee held another conference with representatives of the street car company and of the strikers. Anent the possibility of a sympathetic strike on other street car lines in Chicago President Mahon of the Amalgamated Association of Street Railway Employees said:

"I will not recommend a general strike, but should the proposition be put up for the men to vote upon there is a strong probability that they would vote to strike. This is especially true of Union Traction men, who feel justifiably indignant over tactics used by their company to aid the City Railway company in the present strike. Union Traction superintendents and foremen have been on guard at places where their lines intersect the City Railway lines, and in three cases that I know of have asked for the arrest of Union Traction men whom they accused of delaying City Railway cars."

A third line of the company's strike bound cars was put in operation under police protection. Five cars on the Indiana avenue electric line were started under guard of patrolmen drawn from the Wentworth and Cottage Grove lines, where trouble had apparently subsided almost to the point of disappearance. A greater number of trains were put in commission on Cottage Grove avenue. Owing to the withdrawal of police and men to operate other lines only fifteen cars were operated on Wentworth avenue.

### MILLER-JOHN TRIAL.

Government Reels In Postal Fraud Case.

Cincinnati, Nov. 19.—The government has closed its evidence in the trial of D. V. Miller and J. M. Johns, charged with conspiracy to extort a bribe from John J. Ryan, a turf commissioner. Post Office Inspector Fulton testified to his investigations of the Ryan concern and reporting that its business was not proper for the mails.

Additional reports of inspectors and telegrams between the defendants and Ryan were offered as the closing evidence. The defense opened with the introduction of a number of witnesses who testified to the good character of the defendants.

Joseph M. Johns, in his own defense, went over the story of his dealing with Ryan, showing through checks and vouchers what was done with the \$4,500 secured from John J. Ryan, none going to D. V. Miller.

#### Dole Receives His Commission.

Honolulu, Nov. 19.—The commission appointing Governor Dole United States district judge has reached here. ### BULGARIAN TOWNS BURNED.

Muslimans Avenue Attack on Their Own Village.

Constantinople, Nov. 19.—The Muslims in the district of Kirk-Kilis, thirty-two miles from Adrianople, have burned five Bulgarian villages in revenge for an attack made by the Bulgarians on the Muslim village of Zarnas.

The revolt in the vilayet of Yemen, Arabia, is extending southward. The Ottoman troops advancing on Hadramah were determinedly opposed by the revolted tribes and forced to retreat. Another attempt to advance from Mokha failed, the Turkish troops being defeated.

It is understood here that unless the Turkish reply to the Russian-Austrian reform scheme is received by Nov. 20 Baron von Calice, the Austrian-Hungarian ambassador, and M. Zilovitch, the Russian ambassador, will demand an audience of the sultan with the view of insisting on its acceptance.
